Dear Future Sponsor:

You are an important part of our success as we continue to expand and grow. In fact, we see all of our sponsors as partners in a wonderful endeavor that continues to move forward with God's blessing. When you become a partnership sponsor with Woman of God, Inc., you will not only reap the benefit of supporting a wonderful group of women seeking to empower, educate and build up communities, regions and even nations, but you will gain an entire network of individuals who are willing to support and help promote you and your endeavors.

Woman of God Ministries. Inc. is the parent organization or umbrella if you will to numerous ministries, broadcasts (including t.v. and radio) .Additionally WOG Inc. sponsors events, conferences and workshops nationwide and is consistently gaining more partners and supporters on an international level. God has blessed and we have seen major opportunities and doors open including a guest spot on nationally known TBN broadcast as well as premier air-time spots coming available for the radio broadcast, a book publications component, along with the existing Daughters of Distinction programming.

As a sponsor you will be supporting all of these functions and will no doubt become a huge part of our future success, growth and development. We don't take any contributions lightly. This is why we have put together several very attractive sponsorship packages with options that fit your budget. Each package includes some very beneficial perks as a corporate sponsor. Please take the opportunity to review the options on the second page of this letter.
